EXPERIENCE

Senior Laravel Specialist Embed Square Solutions Pvt Ltd

- 02/2023 - Present Pune, India
- Led strategy and architecture for Laravel apps. Defined scalable solutions, roadmaps, and approaches aligning with requirements.
 - Developed APIs that reduced data latency by 40% and improved UX scores by 25%.
 - Built React frontend that improved user engagement by 25% through faster load times and intuitive UI components.
 - Improved data exchange speed by 30% by integrating Laravel APIs with React systems.
 - Integrated OpenAI API with Laravel backend to automate customer support responses, reducing manual queries by 30%.
 - Collaborated with developers to define project timelines, ensuring on-time delivery and alignment with client expectations.
 - Evaluated team performance and recommended strategies for professional growth.

Lead PHP/Laravel Developer Planet Smart City

- 09/2021 - 11/2022 Pune, India
- Led development of a global-scale React frontend and API serving 100k+ users, and managing an 8-person team.
 - Implemented RabbitMQ messaging system to handle high-volume transaction processing, improving system throughput by 40%.
 - Managed Azure Portal and DevOps tools for streamlined oversight of infrastructure and resource management.
 - Implemented CI/CD pipelines using Azure DevOps that reduced deployment time from 2 hours to 15 minutes with automated testing.
 - Developed innovative solutions to address challenges in processes, technology, or team collaboration, enhancing overall efficiency.
 - Collaborated with team members to achieve target results.
 - Provided technical support to end users and identified technical solutions based on client needs.

Sr. Software Engineer Clarion Technologies Pvt. Ltd

- 07/2018 - 08/2021 Pune, India
- Developed web applications using Zend Framework 1.12, Laravel, and React.
 - Managed AWS deployments and infrastructure across EC2, RDS, S3, SES, Route 53, ALB, and Certificate Manager.
 - Participated in pre-project analysis and technical assessments.
 - Maintained HIPAA compliance and data security standards.
 - Developed consistent and user-friendly web interfaces.
 - Ensured product and service quality standards.
 - Provided technical support and implemented effective solutions.

KEY ACHIEVEMENTS

💎 Database Performance Optimization

Improved database performance by optimizing queries and indexing strategies on large-scale datasets, reducing query execution time from approximately 14 seconds to under 1 second on tables containing 7+ million records.

💎 Laravel & PHP Modernization

Led Laravel and PHP modernization initiatives, including application upgrades across major Laravel/PHP versions while maintaining system stability, compatibility, and performance.

💎 Scalable Backend Architecture

Designed and optimized scalable backend systems using Laravel, Redis, AWS SQS, queues, and Elasticsearch, supporting high-volume transactions, asynchronous processing, and EV charger monitoring workflows.
